

Association for the
Advancement of Computing in Education

Celebrating 30+ Years of Service to the IT in Education/E-Learning Community

Invitation to Join

The Association for the Advancement of Computing in Education (AAACE) is an international, non-profit educational organization. The Association's purpose is to advance the knowledge, theory, and quality of teaching and learning at all levels with information technology.

This purpose is accomplished through the encouragement of scholarly inquiry related to technology in education and the dissemination of research results and their applications through AAACE sponsored publications, conferences, and other opportunities for professional growth.

AAACE members have the opportunity to participate in Special Interest Groups (SIGs), high-quality peer-reviewed publications, and conferences.

Join with fellow professionals from around the world to share knowledge and ideas on research, development, and applications in information technology and education. AAACE's membership includes researchers, developers, and practitioners in schools, colleges, and universities; administrators, policy decision-makers, professional trainers, adult educators, and other specialists in education, industry, and government with an interest in advancing knowledge and learning with information technology in education.
